

"School Days, School Days, Dear Old Golden Rule Days"

Remember those good old days of "readin' and 'ritin' and 'rithmetick, taught to the tune of a hickory stick?" There are a lot of people in this district who should at least recognize themselves in this picture. It must be admitted that this picture is half a century old, yes, ladies, that is a fact, yet the mortality rate among those that form the group is very low, a very large percentage of them are alive today.

Call us up. Write in. Tell us who is in this group. Just test your memory. Tell us where the picture was taken and any other information that you may have. There are boys and girls in this picture that made their name not only in Canada but in other countries, and not one of this group was ever hung for murder, although 50 years ago the Principal was not just too sure what would happen in the future.

PEACH DISPLAY IN HOUSE OF COMMONS

British Columbia Member Exhibits Box Of Coast Beauties And Basket Of Ontario Rubbish To His Fellow Parliamentarians — Member For Fraser Valley Claims Red Gauze Is Placed Over Peaches "In Almost A Fraudulent Manner."

The following story by Kenneth Cragg, appeared in The Globe and Mail on Tuesday morning and shows quite plainly the wave of feeling that has been created by the poor, green, rotten peaches that have been placed upon the market by growers from this district.

Ottawa, Sept. 17 (Staff)—With the flair of gifted showmanship, George A. Cruickshank (Lib., Fraser Valley) today in Parliament unveiled peaches of Ontario and British Columbia origin, and if the Ontario product did not blush with shame it was because those peaches were too green and hard.

Mr. Cruickshank took a direct cut at the Ontario regulations which permit the trade to put red gauze over peach baskets, as he said, "in almost a fraudulent manner."

The member said he could understand why any one would cross Ontario to get to British Columbia where they had only the finest standards for all farm produce.

"That is why," said Mr. Cruickshank, "the best markets are open to British Columbia. If any member wishes to dispute that, I want to show you some of the peaches I bought in Ottawa for \$1.25, marked Grade No. 1."

The member drew a basket full (Continued on Page 7)

Is Not Connected With Baby Bonus

Mrs. Katharine Groce Is Member Of Mother's Allowance And Old Age Pension Board Only.

Mrs. Katharine Groce drew the attention of The Independent to the fact that there are a great number of people in this district who believe that she is a representative for this district for the Baby Bonus.

Such is not the case, Mrs. Groce has no connection in any way with the Baby Bonus. In fact we do not believe that there is any person in this district who has any authority or connection with this scheme.

Mrs. Groce is connected with the work of the Mother's Allowances and Old Age Pensions, but has no connection with the Baby Bonus.

Davey Alton, Wm. Schwab, George Warner and Frank Hurst were in Buffalo on Sunday taking part in a bowling tournament. They managed to win a little of the money.

Making Survey Of Crippled Children

Rotary Club Of St. Catharines Has Helped Over 400 Kiddies In Past 10 Years.

The following letter to The Independent is self-explanatory.

Dear Sirs:

Ten years ago now, the Rotary Club of St. Catharines undertook a survey of the County of Lincoln with a view to ascertaining the number of crippled or handicapped children in the County who might be in need of some assistance.

In the intervening time, over four hundred children have been helped and cared for in various degrees. It is now thought advisable to conduct a further survey to bring our list up to date.

You are no doubt aware of the work that is done by Rotary and other service clubs through the Ontario Society for Crippled Children, and with the help of the Hospital for Sick Children at Toronto. The Rotary Club of St. Catharines asks again for your assistance (Continued on Page 7)

Results Accruing From Broadcast

High School Principal Of Toronto Buys Property As Direct Result Of Program Heard On Air.

Last March when Mayor Bull and other residents of Grimsby went on the air in a special broadcast from Trinity Hall it was figured as good advertising for Grimsby.

Miss Congdon, local Realtor, was one of the principals on that broadcast and for several weeks afterward she received many inquiries regarding real estate in this district.

In that broadcast Mayor Bull told about Grimsby's 25 mill tax rate, as well as the many other advantages of locating in Grimsby and the Grimsby district.

A Mr. Brown and his wife of Toronto were among those listening. Mr. Brown is a High school principal in Toronto and is due for superannuation in a couple of years. He immediately wrote Miss (Continued on Page 7)

WHITE ELEPHANT GIRLS GET AMBULANCE FOR HOSPITAL

Hopes To Be Back In Grimsby Soon

Dr. Gordon Sinclair Now In Holland — Food Is Becoming More Plentiful — People Getting Settled.

Headquarters, Canadian Forces in Netherlands Canadian Army Overseas, Dear Bones:

Again I must ask you to change my address in order that the delivery of the Grimsby Independent will not be delayed.

The last edition to reach me was published on 19th July, and I notice in it that many of the boys are getting home for a well deserved leave. Perhaps many of those volunteering for the Pacific may not be required now. I have not heard what the Government's policy is going to be in that respect.

Holland is gradually acquiring its peace-time appearance. Food is (Continued on Page 7)

Returns Home

PTE. ERIC L. McMANE, 22 years old, son of W. L. and Mrs. McMane, Mountain Road, Grimsby, arrived home this week. Enlisted with the 48th Highlanders and has spent four Christmases overseas. While enroute to Sicily the transport he was on was torpedoed by a German Sub. He and four comrades reached a raft and were adrift for five hours before being picked up and finally landed in Africa, losing everything but the clothes they were wearing. He took part in the battles of Sicily and Italy and while a transport driver covered 15,000 miles without an accident of any kind. He has latterly been serving as a clerk in the Central Registration office of the 1st Canadian Infantry Brigade, of the 8th Army.

Blood Donor Unit Purchased By Grimsby People Has Been Returned — Will Be Converted Into An Ambulance For West Lincoln Hospital—Great Piece Of Work For Which All Should Be Thankful.

The ambulance which arrived in Grimsby last Thursday afternoon for the use of the West Lincoln Memorial Hospital should be of special interest to the residents of West Lincoln.

Last week a delegation of ladies from the White Elephant Shop drove to St. Catharines to see Mr. Bruce Hill, head of the Ontario Red Cross Society. The ladies requested that the ambulance which had been donated to the Red Cross with money raised by the White Elephant Shop should be returned to Grimsby to be used at the Hospital.

Unfortunately the ambulance was not available, but through the kindness of Mr. Hill and other Red Cross officials, the Blood Donor Unit, which was also given by Grimsby to the Red Cross, has been sent back to Grimsby to be used by our West Lincoln Memorial Hospital.

As soon as it has been converted into an ambulance, it will continue its career of usefulness among the people who were responsible for its existence.

Breakwater Costs Are Expensive

Hon. Charles Daley Informs County Council That Sunny Side Sea Wall Cost \$500. a Foot.

The expense of constructing a breakwater along the southern shores of Lake Ontario, from Hamilton to Niagara-on-the-Lake, would probably be prohibitive, according to a letter received by the Lincoln County council Tuesday morning at the opening of its September session, from Hon. Charles Daley. This was in answer to a resolution passed at the August session requesting that such a breakwater should be built to prevent further erosion of the land along the lake, which has already caused very serious loss.

Mr. Daley said he had ascertained that the cost of building the breakwater at Sunny Side was \$500 a foot. He said, however, he would bring the matter to the attention (Continued from page 7)

Grimsby Weather

Week ending at 8 a.m. Monday, September 17th:

Beamsville fair, Thanksgiving Day.

Tag Day for The Blind, Saturday, Sept. 29th.

Page 'Red' Graham

Glencoe tomato-growers have come up with a labour-saving idea that eliminates the job of driving stakes and tying the growing vines to them. They just plant a grain of corn in each hill and by and by the cornstalk takes the place of a stake.

Tomorrow—Sept. 21st—is the first day of Autumn.

Humane Society Tag Day, Saturday of this week.

GENERAL PUBLIC ARE DISGUSTED

If complaints can be taken as the measurement for future distribution of the peach crop, then this district is in for a few lean years. Never in the history of the fruit industry has the general public become so dissatisfied and disgusted with the stuff that has been sold to them in the guise of good fruit. All over the province the public are sore. Real sore at the grade of peaches that they have been paying out good money for.

Of course there has been real, honestly graded and packed peaches going on the market, but the flood of rubbish has this year been so great that it has far overshadowed the good stuff. There is not a newspaper office in the province of Ontario that has not been harassed with complaints from the public over this situation.

What is the kick-back going to be in future years? It is going to be tremendous. The public will just simply pass up Niagara district peaches, whether they are the honestly graded and packed ones or otherwise. Just because they are peaches from this district the public will pass them by and buy American and British Columbia products. That is what the growers of this district are facing and all because a minority of growers persist in picking and shipping rubbish topped and layered and camouflaged with the red leno.

I had a letter from an old Grimsby boy the other day, now a resident in eastern Ontario. That boy feels ashamed that he comes from Grimsby, whenever peaches are mentioned. Read what he says:

"At noon today I paid \$1.19 for a six quart peaches No. 1—took them home and how the wife howled. The top layer is OK but underneath I don't think there is a Peach that will be eatable. Small, green, hard and some with rot on. This is the sixth basket we have bought this season—three of them the names unreadable—the other three are readable, and out of

FRONT PAGE

Facts and Fancies

By Frank Fairborn, Jr.

the six I imagine we have had at least one basket.

The war the women are howling down in this town isn't funny — it almost makes one ashamed of being a native of the Fruit Belt."

Is that not a nice letter for an old Grimsby boy to write. He is not the only one. People are writing letters to the press by the hundreds. And they have every right to for they are without a doubt being gulled and gipped most thoroughly.

Now Toronto's Mayor Saunders and the Board of Control have got into this picture. Read this news story from The Toronto Telegram:

An immediate investigation as to the prices and condition of peaches being sold in Toronto has been asked by the Board of Control of the special fruit branch of the Department of Agriculture and the Wartime Prices and Trade Board.

"The prices being charged for fruit and the condition of the peaches is something that should be immediately looked into," the Mayor declared. He declared top prices were being charged for peaches that were green and unsuitable for eating or canning.

"The complaints I have received have been coming in by the score from housewives," he declared. The netting over the baskets adds to the difficulty of buyers, he added.

That conditions are far from being what they should in the Niagara district is admitted by the Dominion Department of Agriculture, but that does not mean that the minority group of unscrupulous growers should take advantage of that situation and pack and ship out lousy fruit to the detriment of the whole industry. The following editorial from The Toronto Star explains the situation in a nutshell:

PEACHES ADMITTEDLY UNINSPECTED

The monthly fruit and vegetable crop report for August issued by the federal department of agriculture said: "The Ontario peach trees are generally healthy and the fruit is sizing well. There is little evidence of brown rot, but oriental peach moth injury in most orchards in the Niagara district is causing heavy culling." The department's early September report for Lincoln county said: "V-types now at harvest peak, heavy culling still necessary on account of oriental peach moth larvae infestation. Quality of stock moving through local dealers generally satisfactory but extensive truck movement in progress direct from producers, mostly at night, and often including all stock regardless of quality. Owing to restricted inspection staff situation, no adequate administrative control can be exercised over this latter movement."

This is an admission that the peach situation has got out of hand in two respects: First, through the invasion of peaches by the larva of a fruit moth; second, through the non-inspection of peach shipments by government inspectors. Not in years has there been such general complaint about the quality of an Ontario fruit as has appeared in many newspapers with respect to peaches; not only wormy peaches, but peaches picked too green; peaches kept by the consumer in the hope that they will ripen, but which rot instead.

Peaches labelled No. 1 and sold at the ceiling price have been of that nature. The war may have necessitated a "restricted inspection T" but that is not a condition which should be allowed to continue. The reputation of one Ontario's finest fruits is at stake.

The absence of adequate inspection unscrupulous growers are responsible for what has taken place. On their farms the "heavy culling" declared necessary by Ottawa has simply not been attempted. As the Dominion bulletin says, "all stock regardless of quality" has been shipped. And much of it labelled No. 1!

Back of all this trouble is the oriental fruit moth, and the federal and provincial departments might well concern themselves with its

inroads in the Niagara district. The liberation of parasites in heavily infested orchards is recommended by some authorities, but even without this assistance the situation can be bettered by weekly inspections of the trees, removal or destruction of dead twig tips which indicate the presence of the borers, and destruction of fruit showing gummy exudations or entrance holes. "These inspections should begin at the shuck stage of the peaches and continue to within a few weeks of harvesting. All fruit drops should be collected from the ground and destroyed."

The two governments and the growers should get together on this problem.

Has not the fruit industry of this district reached a fine point in its career when an inspector has to sit on every grower's doorstep to see that he picks and packs his own fruit properly. In other words have things not arrived at a fine state of affairs when growers have to have a policeman watching their every step to keep them from going astray and ruining their own means of livelihood.

Let us have legislation from both houses of parliament, this coming winter, that will make these minority growers produce, pack and ship high class fruit or else go to Kingston for a few years, and that is where they belong. What is the difference in stealing the money out of a housewife's purse for a basket of rubbish and stealing a few thousand dollars from a bank? None except in the bank case the robbers use a gun. In the case of peaches the grower uses a wooden container and a strip of red leno.

Let the two Departments of Agriculture get busy and clean up this iniquitous situation once and for all.

Grapes are next on the list. There will be thousands of baskets picked and shipped that are too small and too sour to even make swill for pigs. A good way to stop this practice would be to force growers that ship this kind of stuff to eat a basket of their own rubbish. It would cause a quick cure.

Arrives Home

SPR. ROBERT TWOCOCK, son of Wm. A. and Mrs. Twocock, Depot street, arrived home this week, the fourth of five sons in the army to return to the parental fireside. "Bob" enlisted June 28th, 1940 with the Simcoe-Gray Foresters and transferred to the Royal Canadian Engineers as a radio operator. He went into France on D-Day and finished up in Germany on V-E Day.

FACTS & FANCIES

Frank Fairborn, Jr.

LET'S FACE THE MUSIC

Thursday night, September 13th, will go down in Town history when a municipal board decided to spend big money and no quibbling about it. For some mystic reason, everybody from Mayor Bull down to the poor beknighted pressmen, were all in agreement that money should be spent. They all agreed that money will be spent. That's the best part of it.

The last end of that paragraph sounds like a funny statement. But it is the most honest statement that ever was made. Money will be spent. Spent judiciously, but still spent.

Citizens of Grimsby today are the luckiest taxpayers in the whole North American continent. 25 mills on the dollar. That cannot continue. That is an abnormally low tax rate. A tax rate unheard of in municipal history in all Canada. Now get prepared for that tax rate to raise, for raise it is surely going to do. Otherwise you're stagnated.

GRIMSBY, "The Biggest Little Town In The World," sits today in the most admirable position of any municipality in the whole world. Why? Because ex-Mayor Johnson and the men who sat under him in the past nine years scrimmed, scummed, and fannagled till they got the town debt cleaned up and the business end of the town put on a basis of sound economy. And while you are reading this don't forget that your underpaid Town Clerk, Geoffrey G. Bourne, had a lot to do with this situation.

Within the next year and a half or two years Grimsby taxpayers are going on the cuff for around \$125,000 or \$175,000.

That looks like a lot of money. It is a lot of money. But it is only a town like Grimsby that could handle that amount of money on debentures, and still keep your tax rate down around the 30 mill mark, after two or three years. Because your taxes are going to raise next year, just as sure as Stonehouse runs an undertaking parlor.

Why shouldn't they raise. This town has to grow just the same as a child has to grow. That child is not stunted because his or her parents fail to give it all the nutrition necessary. Then why stunt Grimsby because the taxpayers fail to give the town nutrition in the matter of backing up any debenture issue that might come before them.

My Ma says that I am too honest to live. That isn't because Ma is crooked, that's because Ma wants me to get some place. Well, I am not going any place except right here in Grimsby and I am not going to give the people of this town any bum steers. Therefore, I tell you right now that you are facing anywhere from \$125,000 to \$175,000 expenditure in the next two years. Legitimate expenditure. An expenditure that must be made if Grimsby is going to stay in the fore front of all towns on the American continent.

You may not agree with me, but the fact still remains that the Grimsby Water Commission, or whoever else, is running the waterworks, has to build a new reservoir. A reservoir with capacity say up to three million gallons. That is a reserve, not only behind your pumps at the pump house, but behind Chief Lepage and his Fire Department, the best in the country.

Where would this town have been with a bad fire on the night of Thursday, Sept. 6th? No water except what was coming off the pumps and the mains, and the general public in their usual disregarding way of "use it all myself and forget my neighbor," throwing water to the four winds irrespective of regulations.

Everybody got water. The pressure may have been low, but they got water. But had a bad conflagration broken out Chief LePage and his men would not have had a.,-;-%\$ of a lot of water. Take your chapeaus off to Supt. Andy Henderson and his pump house engineers Lloyd Pettit and Ed. LePage.

Those men worked night and day. Not one day but 11 days and you got water.

That reservoir will cost the Town of Grimsby in the neighborhood of \$25,000 to \$30,000. Then comes your sewage disposal plant. Then comes your laying out of new sewer lines in every portion of the town. Then storm sewers. Then on top of that the resurfacing or the rebuilding of practically every street in the town. It all costs money, but don't forget it costs money to be a modern town. That is what you want to be. Then don't kick if your taxes go up.

Next week I will give you some more stuff to think about and if you taxpayers are as good citizens of Grimsby as I am you will realize that all this expenditure is necessary and must be done for the betterment of Grimsby.

If Grimsby is good enough for you and I to live in, then she is good enough for you and I to spend a few dollars to keep her as "The Biggest Little Town In The World." Grimsby cannot go back. Retrogression is the damnation of all and sundry. Grimsby must go ahead. And for the few dollars that it costs, you will agree with me, we are going ahead.

Let our slogan be GREATER GRIMSBY

LABOR MUST GET DOWN TO EARTH

(From a front page editorial in the Labour Leader, Toronto.)

The editor of this paper is an old trade unionist, who has held many responsible positions in the gift of the labor movement. However, it is sometimes necessary to chastise one's own in their best interests, and in the interests of the community as a whole. What we have to say here does not apply only to the organized workers, but to all labor.

This war has brought in its wake a prolonged era of prosperity, which bids fair to continue for some considerable time, and the like of which we, on the North American continent, have never before witnessed. Earnings have soared to undreamed of heights, and there are mechanics in certain industries of Canada, and even more in the United States, whose annual net income transcends that of many hard-working business executives.

We do not criticize this state of affairs, it is all to the good, provided the recipients give a "quid pro quo" for what they get. What about service, which is the backbone of our system of private enterprise. Let each one who reads this article, ask himself, or herself, if they are able to secure even fair service from most of those with whom they spend their good money. Let them ask themselves if they do their best to give good service to those who pay them wages or salaries as the case may be. In other words, do you give value for value received, or are you merely a parasite seeking to reap where others sow?

Countless instances have come to our observation of crude inattention, sloppy workmanship, flippant attitudes and inexcusable insolence. And we are only one among millions who have suffered and continue to suffer under the whiplash of this unwarranted incompetence.

Here are a few samples:

We enter a crowded bakery to make some needed purchases. Two clerks behind the counter are busily engaged discussing the merits of their immediate boy friends. Eventually they decide to give a little attention to the customers. Each prospective purchaser receives leisurely service. There is no hurry, for after all there are eight hours to be put in. There is no attempt to weed out the late comers from the early arrivals. We wait fifteen, twenty, thirty minutes. Finally, an elderly lady who was present when we arrived, began to remonstrate at the lack of orderly procedure and demanded some consideration. One of these aristocrats of the counter looked her calmly in the eye and said, "Look here, Madam, customers today are a dime a dozen, if we don't suit you, you know what you can do."

A friend tells us that absenteeism in his textile mill runs from 10 to 30%. That "time off" is taken without consulting the supervising officials. He relates that a scout is posted at a nearby beverage room, and the moment that word gets around that "beer is on," there is a general exodus, in some instances necessitating the closing down of entire departments.

We witnessed a lady endeavouring to purchase certain drugs on display in the window of the drug store. The clerk informed her that the only way he could get those drugs for her would be, to go into the basement and open some cases, and he was much too busy to do that, and certainly he wouldn't be expected to disarrange his store window just for her accommodation.

Then we have an acquaintance who is a managing director of a well-known firm of printers. He informs us that he was compelled to cancel a very substantial order, which required delivery within a specified period, simply because the printers refused to work overtime. They said they didn't feel like working overtime, despite his willing-

ness to pay union overtime rates, and his is a non-union shop, too.

Innumerable instances have been cited to us for insubordination. As one employer put it to us tersely. "This is the age of telling the boss to go to hell."

That is not all. There have been cases where the dismissal of impertinent employees has resulted in strikes and walkouts, coupled with demands for the reinstatement of the recalcitrants.

The foregoing is simply scratching the surface of conditions which are fairly general throughout the United States and Canada.

The question naturally arises, can this sort of thing continue indefinitely. Are we warranted in the name of ordinary decency and common-sense, in seeking to establish a postwar Utopia of providing jobs for everybody at high wages just to perpetuate the sort of thing that must ultimately bring us to ruin?

How are we going to compete in the markets of the world?

There are hundreds of millions of people on the Continents of Europe and Asia, whose living standards defy our understanding. These people have been and are being disciplined in the bitter school of hardship and want. This war has disclosed that in most respects they are our equals in the arts of production and distribution. They will be our immediate competitors once the swords are sheathed and the flags furled.

How do we propose to meet this competition of workers who are satisfied with modest living standards, and whose employers are content with small profits, and both of whom are prepared to put into their joint output the finest quality that human ingenuity can devise, coupled with prompt and courteous service?

Isn't it about time that we got down to earth and recognized reality for what it is. If we don't soon take this step, there will be many who will be delighted to do it for us.

It's funny that a woman who can spot a blonde hair at ten paces can't see a pair of garage doors.

Exterior of Flett's Beauty Salon has a new coat of paint.

Mystery thriller. Who stole Gord. Hannah's Palm Beach suit coat.

George Geddes peddling insurance all day with the family cat asleep on the back seat of his car.

School kids. Principal Ken Griffith says there are only 347 of them. I swear there are 3470 of them coming over Palmer's Hill every day at noon.

The one light still fails to glimmer on the Forty bridge. Also two lights on the Elm street bridge are minus plus minus. If the Fire and Light committee is so short of money that they can not have these lights in operation, The Independent will loan them some.

A little common sense on the part of some of those "scorchers" High school bicycle riders, coming over Palmer's Hill, when school is let out, would be of great value to the little tots from the Public school. Some day something will happen, but that will not bring the little cherub back to its mother's arms.

If calamity, disgrace or poverty come to your friends, then is the time they need you.

Hot air is all right, but see that it is well compressed before you use it.

RATIONED MEAT IN LOCKERS must be declared

All consumers who store rationed meat in lockers must declare in writing to the nearest Ration Branch Office the quantity of rationed meat they had in storage on September 10, 1945

Rationed meats include all cooked, canned, fancy and "red" meats. For a full list of rationed meats, see the Consumer Meat Coupon Value Chart. Copies are available at all Ration Branch Offices.

COUPONS MUST BE SURRENDERED FOR STORED MEAT

Consumers must surrender coupons for all meat held in lockers over and above 4 lbs. for each person in the household at a rate of 2 lbs. per coupon. However, no more than one-half of the "M" coupons in the ration books of the consumer and his household need be surrendered.

USE THIS DECLARATION FORM

R.B. 216 RATION ADMINISTRATION — WARTIME PRICES AND TRADE BOARD
CONSUMER'S STATEMENT OF MEAT HELD IN COMMERCIAL COLD STORAGE, TO BE FILED WITH THE RATION BRANCH WITHIN 30 DAYS OF THE START OF MEAT RATIONING

Ration Book 5 — Prefix and Serial No. _____ Number of persons in household including myself, _____
(Declaration's Own Book) _____ hired help and boarders _____

THE WARTIME PRICES AND TRADE BOARD

(By RALPH DE CASTRO)

The last war... remember?
Silk shirts!
Pink ones, green ones, blue ones with white stripes—millions of them.
And silk stockings for the women—on legs that had never felt anything but cotton before.
Wrist watches... rings... bracelets... hand-tailored suits... ten-dollar felt hats... better, larger sweller apartments.
Then it happened.
1918 and the Armistice. The war boom petered out. In factory after factory the wheels turned slower—slower—then stopped.
The cuffs on the silk shirts were frayed, and the colors were faded—and the silk stockings were gone, and the rings, and the watches were in the pawn shops—and people moved back where they'd come from. But...
"Don't let it get you down, Bud! You can't hold this country back. God's country! Don't sell Canada short—why with our natural resources—and the way we work..."

The old "short-life-but-a-merry-one" story is back with us. But how merry is it?
Where's the money coming from—"prosperity?" No—war. From the Business of Death we've been forced into. From things made to kill people. From things made to kill other people so they won't kill us.
Win, lose, or draw, even the war with Japan will end some day. No war has lasted forever.
Then what?
Those same war factory wheels will again slow down and stop. Men will walk out of some factories, and her the gates grind behind them—many of them to stay closed.
And maybe the green grass will grow between the stones of the factory court-yards before the men will come back to work again—slowly—a few at a time.
The same as the last time? And be time before that?
Well, it shouldn't be, but it will be even worse—unless we use our common sense now!
There's no special Providence watching over this country. In spite of all our songs and slogans.
We're people—just like any other people.

He's only
ONE OF THOUSANDS
eager to telephone home

Every returning troopship is packed with sons and husbands yearning for the first opportunity to telephone the glad news "I'm nearly home"—and to hear again familiar voices. Meanwhile, all across Canada, thousands are waiting for these calls as they never waited before. The veteran may have only a few minutes to call between trains. Help us to avoid disappointing him.

So, Mr. Civilian—

PLEASE use Long Distance
for essential calls only....
and keep even those as
brief as you possibly can...

Calls from returning veterans deserve speedy completion.
They are just an additional reason why Long Distance telephoning to-day is heavier than ever before... and why calls are being delayed in spite of all that we can do.

H. T. STEWART,
Manager

DON'T SPEND YOUR MONEY.... SAVE IT

So we started on the second lap, on the same circular track: 1923-1929. Prosperity. Nothing ever like it before in the world. Stocks—up 50 points in a week—thousands, millions—billions of dollars profits—on paper.

Bootleggers... parties... automobiles... more silk shirts... new suits... radios, refrigerators, real estate, furniture, diamond rings, boats, shows, hats.

Then 1929—and Crash again!
"Sorry, Mr. Jones... more margin, or we'll have to sell you out... Dear Mr. Jones... unless you send us a check to cover two unpaid instalments on your furniture... Dear Sir... in the hands of our attorneys, unless... mortgages unpaid... worry... worry... sorry, Jones, better look around for a new job... no help wanted..."

Remember?
Bread lines... the Bonus Army... ex-soldiers selling apples on street corners. "Brother, can you spare a dime?"... Stocks going down—down—down... business failures... suicides... relief... and no jobs yet, and shoes run down at the heels. And the kids—undernourished—crying a lot—and "the lost generation..."

How come? How did we get that way—again? Why did it happen here, when it couldn't happen here?
Well, let's look back—let's see how it did happen.
Bonds weren't good enough for us. Savings banks weren't exciting enough.

We were trying to compress our lives—to squeeze the juice of three score years and ten into a decade. We wanted for next to nothing the things our fathers had worked and sweated and saved for.

My wife's clothes had to be better, smarter—more expensive than your wife's and her jewelry, too.
You spend a thousand dollars for your car? So what? I'm spending thirteen hundred for mine (on time).

And say—look at my new radio! Twenty-two tubes, three loud speakers, record changer, home recorder and three short wave bands!

The old one? Oh, I traded it in when I bought the new one—and the new refrigerator, and the dining-room furniture—sleek, eh?—"modern," they call it.

How much? What's the difference?—Twenty-four payments of eighty dollars instead of sixty-five? I'll never miss it...

Hold on a minute, brother...
Did we "miss it" in the early "thirties"? Did we "miss it" when some million men walked the streets—camped out—lived in huts and shacks and lean-tos? Did we "miss it" while brave women scrubbed and scoured and patched and mended until their fingertips were raw, their hands rough—and their hearts dull with the pain of abandoned hopes?

Hold on once more...
This time chances are we won't bounce back again. Many people now realize what a close shave it was the last time... how desperately near we were to chaos and national ruin.

Must we come down with another crash? Must we ignore, not one nor two, nor three—but the dozen lessons taught us by history? Must we head straight along the road to ruin we took the last time? It's what's beginning to happen, right here—now—in our country.

People are making more money than they ever did before and spending it faster than they ever did before.

Luckier, yes. Our land is fairer—endowed with more riches than other lands. And we've worked hard—or used to, anyway. Nobody knows how much is left of Canadian spirit and guts—yet. We think it's greater than before. The Japs will find that out.

But listen, Mister...
Don't fool yourself! The time's going to come when you'll need those dollars you're throwing around now.

If hard times catch up with you, it isn't that night club proprietor who's going to return the money you spent in his place—no, not any part of it!

And all the unnecessary gimmicks and gadgets you think you need now won't be worth a dime on the dollar then.
And when your pockets are empty it won't be because you'll be taking money out of them—but because no money will be going into them.

How about those bright kids of yours? Will they have to work instead of going to high school or college?
And those beautiful rings you bought your wife? Supposing you lose your job... how long can you last before pawning those baubles, for a fraction of what they cost you?

So look...
When you want to spend money or buy something new, just imagine you were spending your next-to-the-last dollar.

Don't ask how happy you'd be with what you get for your money—but whether you'd be miserable without it.
That's the only test. Otherwise you're just kidding yourself.

Lighting matches to ten-dollar bills you're going to need—sure some day.

What? Oh, you're making more money? Then save more—don't spend more! Invest it.

Because the money we all save now will play a tremendous part in the after-war economy of our country. The money we save now will be a cushion of buying power—those sorely-needed dollars to "start things up again" in our civilian economy—to keep up from the national bankruptcy until the wheels start moving again.

The dollar national bankruptcy until the wheels start moving again. The dollar national bankruptcy until the wheels start moving again. The dollar national bankruptcy until the wheels start moving again.

Why do you suppose your Government urges you to save? It's perfectly simple—to ward off disaster. To make sure that the crash that "couldn't happen here" doesn't happen again. So that possible (if no probable) after-war depression doesn't find you at the tail end of a bread line a million people long. So that a war we win by fighting won't be lost by waste.

Nobody can tell you what's going to happen after the war, or its searing effect on the nation.

But somebody can tell you what will happen to you... You can. Make a plan and stick to it. Guarantee your own future. So many dollars every day into Victory Bonds, War Savings Certificates or good sound investments. Then, come hell or high water, follow your plan. Protect your family.

Build up reserves. Create a stock of money and make it grow. Your money. Your protection.

And the bigger the stock of savings you create, the better off you'll be—to buy the good things you will want when the war is over—that new car, that refrigerator and radio you can't get now—things that help make our life the best in the world.

So when you save wisely, you're helping your country and yourself at the same time.

Honest, now...
Could you ask for anything better?

TAG DAY FOR THE BLIND, SATURDAY, SEPT. 29

DAWE'S BLACK HORSE BREWERY

Championship Victory Garden Helps Feed Family of 18

NEAR-PERFECT SCORE: The 200 by 50 foot plot (above), which has been adjudged the best victory garden on the Island of Montreal this year, helps feed the eight grown children and eight grand-children of Joseph Totta (inset), section foreman for the Canadian Pacific Railway at Montreal West. Totta works an hour before going on duty at 7 a.m. and three hours after quitting time at 4 p.m. in growing 22 different vegetables, many of which Mrs. Totta canned or put down, as her share in supplementing the commercially grown vegetable supply needed to alleviate the food shortage in Europe. Judges for The Montreal Star contest which Totta won, called his garden "without doubt the finest vegetable garden ever entered in the competition" and gave him 28 out of a possible 30 points for quality. They looked in vain for weeds and pests and particularly remarked on his four-inch-deep cultivation, a valuable aid to moisture conservation.

The Mystery Of The Missing Pyjamas

(By R. J. Deachman.)

My wife is a perfect marvel at packing travelling bags, she knows instinctively where everything ought to go, carefully puts it there. She assembles the articles, sees that none are missing, and when her task is finished everything is in its place, nothing left out and something to spare. Then she leaves it unlocked to put in the extras which every woman picks up in the last hours of her holidays.

Personally I would rather pack my duds in a wheelbarrow, there is more room. There are so many things I don't want to take. It is hard to believe, in bright sunshine, or during a full moon and a clear sky that at the end of five hundred miles or so it might be raining or freezing and that preparations have to be made for such emergencies. On this occasion everything went well, my wife watched carefully to see that nothing was missed. I depended upon her. True, I walked away with the key of the hotel but it wasn't much of a key any way and I'll give it back when I go to Metis Beach next summer for another holiday.

In time we reached home rested and well content. I started to unpack. I began with the small black case which contained the rudiments of civilized life, my shaving equipment, a murder story by Agatha Christie, a few odds and ends and—my pyjamas! Everything was going well when I asked the lady who presides over my domestic affairs where I would find my other pair of pyjamas. "They are in your big black bag dear" she said. I got the big black bag and turned out every piece, carefully putting each article in the middle of the floor, one big pile of dirty laundry. They weren't there. I so reported. She was surprised. "I put them in" she said. "If you had put them in they would be there" I replied. By this time she was amazed. She sat on a chair in my room, I sat on the bed. "The problem my dear Sherlock," she said is to locate one pair of missing pinkish mauve pyjamas for which you paid, not long ago, three times as much as they were worth. "Quite elementary my dear Watson," I answered. "Let us get down to the facts."

"You packed the bags," I said. "That is true, always is," she replied. "One pair in your big black bag, one pair in your small case but you had a sleep that afternoon, did you sleep in your pyjamas?" "I did not, there was no one around, I took off my pants and put them on top of the packed bags and slept in my underwear." "Good" she answered, that clears that up, now let us take the next step. We reached Mont Joli that night and you slept in them." "No I did not, I did not open the big black bag, I wore the pair in the small black case and there was only one pair in that case and they are now here" I said, pointing to the two sections, section one, the upper half, on a chair and section two on the floor. "Everything just as usual in your room darling" she said.

"Then she got down to business. "There are gaps in our logic some place," she said, "where is the missing link? We have made a miscalculation which has so far escaped our observation. Someone is making a mistake, they must be at Metis Beach, or at Mont Joli, at the Boule Rock or in the Commercial, I suggest that you write the manager of each hotel first thing in the morning if they are there they will send them back to you." Still I wondered!

I am an early riser, I was up next morning at 6.30. At 6.45 the coffee was perking in the pot and I was shaving. A gentle knock came to the bathroom door. "Come in," said I, it was my wife she opened the door a bit. "You may remember those sea shells I gathered at Metis for the children and to use in some of the flower pots." "Yes," I answered meekly for I was not much interested in sea shells, I thought the pebbles on the beach told a different story, a much better one. "Well," she said, sort of demurely, "I packed the sea shells in something, and that something may have been your pyjamas, and sent them home by post, so as to get them out of the road. You remember, you posted the parcel for me." At eleven o'clock my office phone rang, it was my wife: "The pyjamas are here," she said sweetly, so also are the sea shells, they look nice, the sea shells, I mean, will you be home for lunch?"

Precision Flying

Geese and ducks, migrating, will reach their destination within a day or so of the same day every year. If there is a north wind, they will be a day late—a south wind, a day early, and if no wind at all they will be on time.

Weekly Editor Has Busy Life

Hugh Templin, new president of the Canadian Weekly Newspapers Association, practically grew up in the newspaper office over which he presides today. When he was a little shaver of six, his father gave up school teaching and bought The Fergus (Ont.) News-Record, then just two years short of its 50th birthday.

Young Templin worked around the office while going to school. The first Great War halted his

progress at the University of Toronto and when demobilized he went to work in Ontario Legislature. This was in the stormy days of the Drury (UFO) Government and Templin says "he saw enough of politics then to do a lifetime." While on this job he flew to Moose Factory in 1923 to conduct the first vote ever taken at James Bay.

On the side he wrote the editorial page for The News-Record, in fact has been doing that regularly since 1918.

Even Templin, veteran weekly newspaperman that he is, is sometimes surprised at the power of the editorial page. His criticism via

that medium helped to turn out the entire local council on one occasion. The News-Record, he describes as "an average country weekly, with circulation of 1,600, and devoting itself entirely to news and opinions of the town and district."

But a country newspaperman's life is not all editorial writing, if Templin's is typical. Articles of his have appeared in many national periodicals, including Maclean's Magazine, and he has several books to his credit, "The Story of a Little Town" (a history of Fergus), and "Assignment to Britain."

In 1941 he flew across the Atlantic and toured Britain as a representative of the Canadian

Weeklies. On the way back he got stuck in Lisbon, Portugal, and had to stop in the same hotel with the German Gestapo.

Hugh Templin has been one of the leaders in the movement which eventually led to the control of the Grand River. Until flood waters were held back in man-made Lake Belwood, the Grand used to run wild every spring or so and leave a trail of destruction in Fergus and other important industrial towns along its course to Lake Erie.

For 15 years Templin never missed an opportunity to harp on flood control and conservation. Finally a few years before the out-

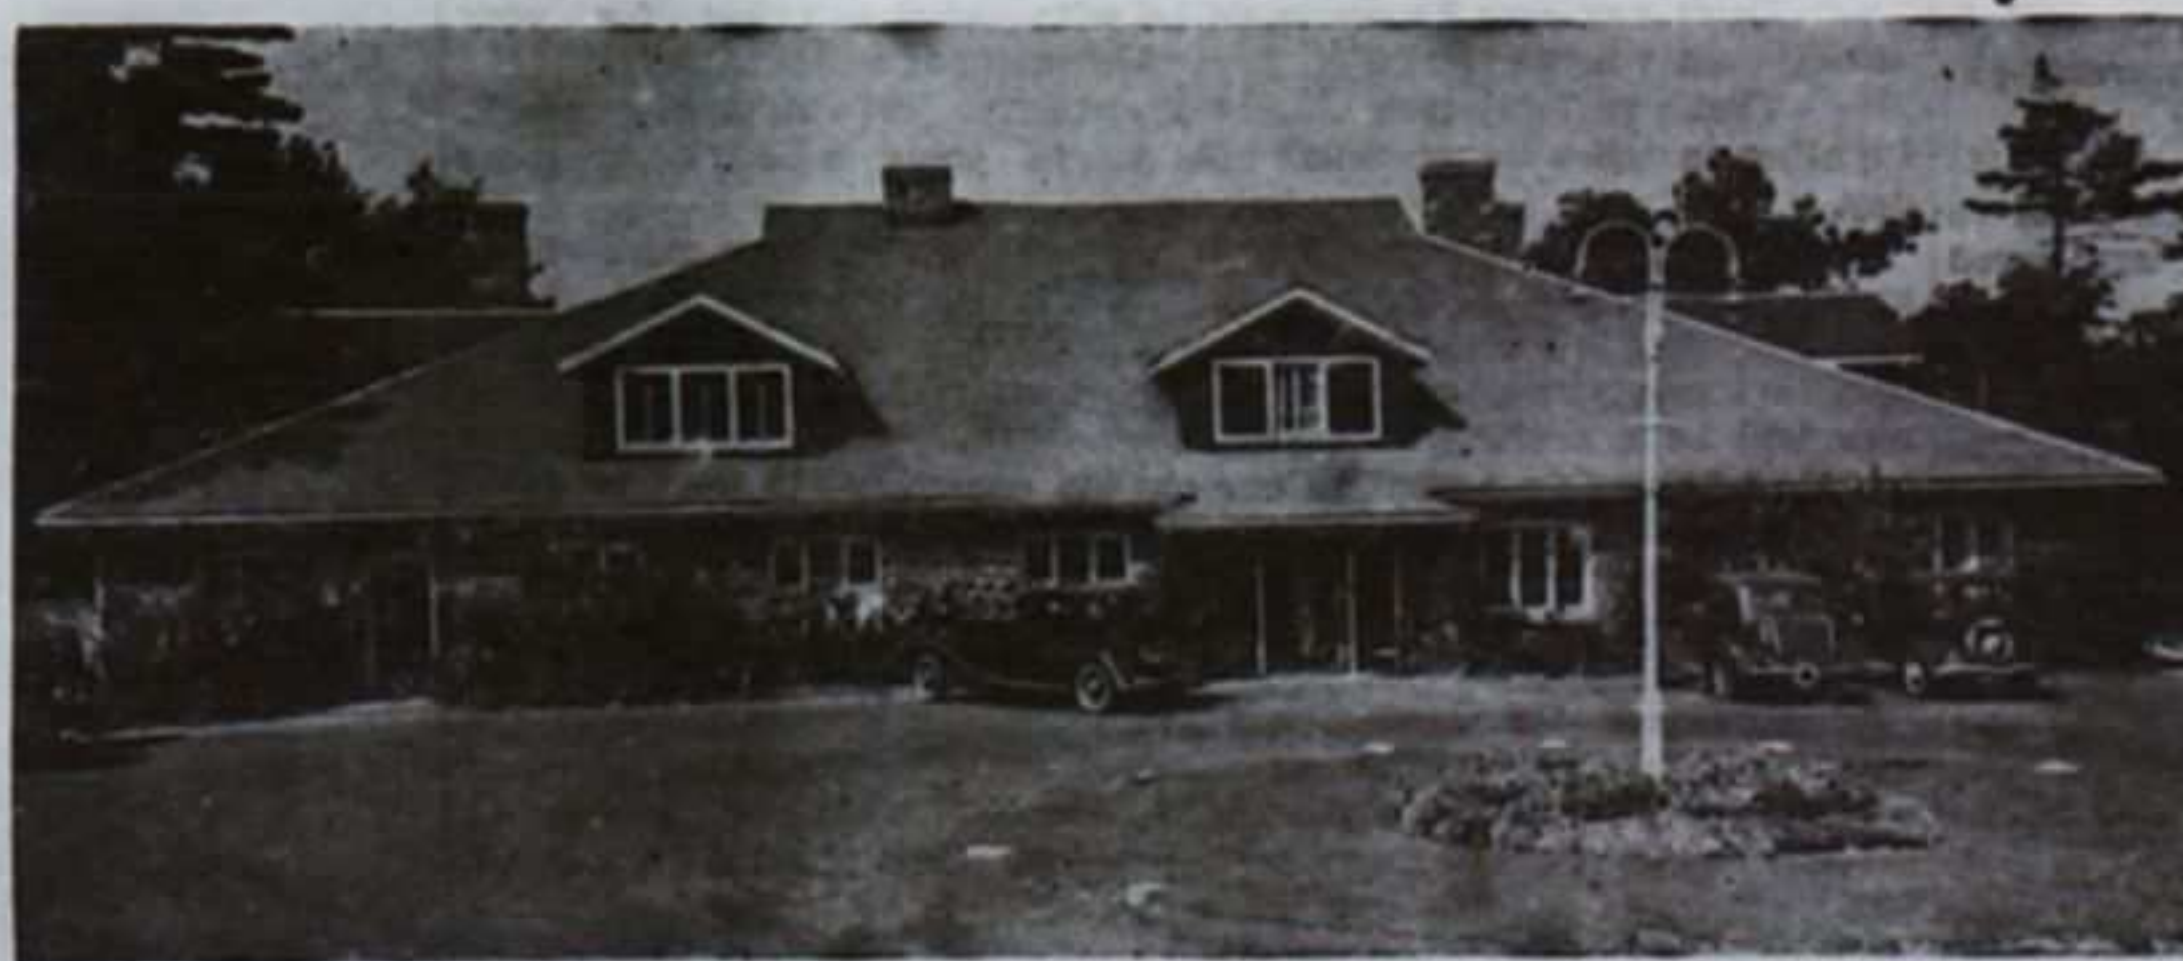

break of war came success and the \$2 millions Grand River project got under way. Hugh Templin is the representative for Fergus on the commission which operates the scheme. Having seen the need and advantages of flood control at first hand, Templin believes that this sort of development will be of increasing importance to rural Canada in the postwar period.

Another successful campaign waged by this country editor was getting journalism as a recognized subject for university teaching. Here results came with remarkable speed. Templin headed a committee of the CWNCA to look into the matter last year and this fall

three courses are ready to start. The big publishers are not the only ones who have had to cope with labor shortages during the last five years. Templin's News-Record reports its share. Every single member of its staff enlisted with the result that five women and girls had to take over the job. First of the former staff came back last month and others are expected soon.

Hugh Templin's favorite hobbies are color movies and oil painting; his favorite sport, canoeing. He is a member of the Short Snorters Club and a director of the local fair and half the other organizations in the town.

Permutations And Combinations:

A washing-machine plant in Chicago has developed a household mechanism which, they claim, will wash, rinse and damp dry clothes, peel potatoes, churn butter, make ice cream, wash dishes. . . . That's all very well in itself. Mechanisms are asked to do lots of things that ordinarily they wouldn't dream of doing. But what interests us is the process of selection used to determine a machine's duties. What mind, for example, would combine ice cream, butter and potatoes with dirty linen and expect the result to sell like hot cakes? Who says what a machine will do? What freak of chance moulds its destiny? What are the limits? The boundaries? And why? We suspect it is a matter of caprice, based on the appetite, whims and prejudices of some mechanical tycoon in Chicago. Tomorrow we are going to ask our vacuum cleaner to sit down between rugs and roast peanuts, and afterwards to serve as a fourth at bridge. It may just have the aptitude.

The Great Relief

"They're back at school," sighed Mrs. Wight.
"And, sister, am I glad!
Though my two kids are just as good
As any mother had;
But all day long upon my mind
From morn to nine p.m.
For two whole months it's quite enough,
And now it's peace again!

"If it's not butterflies they hunt,
It's creeping, crawling things;
And every new one to their catch
Squalls of excitement brings;
Out one door with a slam they race,
Then back in for a drink,
With all the neighbour kids in tow—
Such noise, I cannot think!

"It's 'Gimme this' and 'Gimme that,'
A movie or a cone;
Oftimes I'm glad to buy them off
So I can be alone.
Yet when they're silent as a mouse
'Tis then I start to stew,
For there's no telling at such times
What those two imps won't do!

"Of course they're worth their weight in gold
For all their noisy ways,
And though they worry me a lot
All through vacation days,
There are two times when I can say
My mind is calm and cool—
One's when they're safe asleep in bed,
The other, when at school!"

Hello Homemakers! No matter how busy we have been recently, the picnic day finds everybody full of vim, vigour, and appetite. It's usually the homemaker who has to satisfy the hunger pertaining to this pleasure — lots of good food. Of course, we begin a couple of days ahead to purchase supplies—meat, bread, butter, salad ingredients, and sandwich fillings, so that the day in question finds us well prepared.

If the meat has to be cooked, do so the previous day. To make butter go further, cream the pound of butter thoroughly and beat in a cup of top milk, add salt, then chill. Salad dressing should be tasty and fairly thick for this meal. Drop cookies or a large cake makes a good dessert along with some fruit. You can also include an iced beverage depending on your family's taste.

A simple repast: Meat loaf or jellied veal or just plain bologna with a dish of savoury, potato salad, thick jellied tomatoes, lettuce, and some of mother's tangy pickle relish, followed by generous sized fruit turnovers of rhubarb, apple, berries, or some filling off the jam shelf will satisfy the most demanding appetite.

Appetizing sandwich fillings: Whatever you do don't be sparing with the fillings, and don't make them too moist. Some appetizing fillings include:

- (1) Minced beef with a little onion juice and salad dressing.
- (2) Minced cooked liver with mustard dressing.
- (3) Chopped hard-cooked eggs, green pepper, and salad dressing.
- (4) Chopped hard-cooked eggs, with celery or grated carrot.
- (5) Cheese with chives, nuts, peanut butter, minced vegetables, marmalade, honey or jam.
- (6) Mashed baked beans with chili sauce.
- (7) Crumbled leftover meat loaf with creamed horse-radish.
- (8) Leftover cooked fish with chopped celery, sweet pickle, moistened with mayonnaise.

TAKE A TIP

1. Leather goods need every care—they're scarce and those we have require regular attention. If they're damp, stuff with paper and leave to dry. Brush thoroughly. Use a cleaner to prevent dryness or cracking.

2. The printed linoleum on our kitchen floor was in good condition except for a worn spot in front of the sink. We cut out a semi-circular piece of the worn printed linoleum and cemented in a piece of harmonizing solid colour instead of trying to match the pattern.

3. If your pottery vases and bowls don't fit into your colour scheme, paint them with cold water paint. Once the paint is thoroughly set, you'll find that water will not affect the finish if the water is changed every day.

4. To make a sturdy, effective shade for small plants and seedlings, cut the bottom off quart milk cartons and fit the cartons over the plants, pressing the edges well down into the earth.

THE QUESTION BOX

Mrs. J. M. asks: How to prevent strawberries from floating to the top of the jar?

Answer: This is one fruit which should be prepared for canning, then brought to boil, cooled for an hour then bottled and processed for the required length of time, according to the method used. (Electric oven at 275 degrees for 15 minutes.)

Mrs. M. T. asks: Recipe for inexpensive salad dressing for raw vegetables.

Salad Dressing: Into the top of a double boiler put 4 lightly beaten eggs, $\frac{1}{4}$ cup granulated sugar blended with 2 tbsps. flour, 4 tbsps. mustard, and $\frac{1}{4}$ tsp. salt. Blend well and stir in 1 cupful of mild vinegar. Cook over hot water until thick. Cool and store in glass jar in electric refrigerator.

When using the dressing, thin it with cream, plain or whipped. For a cabbage salad, we often use sour cream when it's on hand. Cut down the amount of mustard if you prefer less tang. Try adding a pinch of curry when using it for devilled eggs or a meat salad.

Anne Allan invites you to write to her c/o The Grimsby Independent. Send in your suggestions on homemaking problems and watch

A ready answer is something a person seldom has ready when it is needed most.

Judging from the price of steaks it is easy to believe the cow jumped over the moon.

More shoes are to be manufactured. Maybe we are getting back on a firmer footing.

Tag Day for The Blind, Saturday, Sept. 29th.

Harry Bevan, Port Nelson renewed old acquaintances in town over the weekend.

Stewart McVicar, Renfrew, visited with his brother J. Ritchie McVicar, last week.

Mrs. Clarence Dequetteville and little son, St. Catharines, were weekend visitors with George R. and Mrs. Jones, The Fifty.

Mrs. Charles Bied and her daughter, Mrs. John Smith of Stoney Creek, have returned from a pleasant three weeks' trip to points in Michigan and Ohio.

Ernest and Mrs. Kennedy, Toronto, were renewing old friendships in town on Monday. Their two sons have both returned from overseas, but Mrs. Kennedy is still in the service with the C.W.A.C.

Mr. Alex. Scott who underwent an operation for appendicitis in Hamilton hospital on Saturday is making as good progress as can be expected. His many friends in the district wish him a speedy recovery.

The many friends of little Miss Geraldine Southward will be sorry to learn that she is confined to Hamilton hospital, and while her illness is of a serious nature she is making fine progress and will soon be able to rejoin her little playmates.

Mr. and Mrs. H. Harvey, Main Street East, were in Kitchener last Wednesday for the graduation of Officers (C.W.A.C.) Their daughter, Lieut. Kae Harvey returned with them for a few days before going to Fredericton, N.B., where she is posted to 107 Depot.

Trinity United Church is being renovated and redecorated this week, and as a consequence will not be available for services next Sunday. The congregation will worship in the morning in Trinity Hall, Depot St., and in the evening they will unite with the Baptist congregation.

Lieut. Gladys M. Barnum (Mrs. Minimo) of New York City, has left to join her unit in Alabama, after spending her furlough with her parents, Mr. and Mrs. W. H. Barnum, Main Street East. Lieut. Barnum has just recently returned from overseas, after twenty months' service with the United States Army Service Corps.

Mr. E. G. Garnham of Central Caracas, Cuba, who a year ago purchased a home at Grimsby Beach, where his wife and children have been living, is holidaying in our midst. We have already welcomed Mrs. Garnham and children to Grimsby, now we doubly welcome Mr. Garnham, although he will return shortly to Cuba. It is his intention to ultimately settle in Grimsby, and we are very pleased to have him speak so highly of this district.

Robert and Ross Coward spent the past weekend with "Bob's" mother, at Exeter.

Mrs. F. J. Millar, Pinecroft Farm, Winona, has returned from a delightful month's holidaying in Ann Arbor and Battle Creek, Mich.

Mr. and Mrs. George Hull of Flint, Mich. were visitors last week of Robert and Mrs. Coward, Central avenue, Grimsby Beach.

Rev. Dr. and Mrs. Charles, returned to Brooklyn, N.Y. on Wednesday after a pleasant summer vacation at their summer home, Grimsby Beach.

Mr. H. Coate Sr. of Hamilton was visiting his daughter and son in law, Mr. and Mrs. Mike Sweet last week accompanied by his nephew M. Clifford Coate of Red Oak, Iowa.

Card of Thanks

We wish to thank our friends and neighbours for their acts of love and sympathy during our recent loss of Husband, Father and Brother, and also extend grateful thanks for the beautiful floral tributes to our loved one.

Mrs. John Pyett and Family.

Death

JEFFRIES, GLADYS IRENE

Suddenly, at her home, Grimsby, on Tuesday, Sept. 18th, 1945, Gladys Irene Jeffries, beloved wife of Harold C. Jeffries and beloved mother of Eileen Constance Liddle, Terence David Jeffries, Kathryn Mary Jeffries and Ruth Allison Jeffries. Funeral from her late home on Friday afternoon at 3 p.m. Interment in Queen's Lawn Cemetery.

Brownies

The Brownies will hold their first meeting of the 1945-46 season on Tuesday, September 25th, in the Kindergarten room of the public school, at 4 o'clock.

Don't forget to wear full uniform. New Brownies will be registered at this meeting.

Women's Institute

Owing to the restrictions imposed by the Wartime Prices and Trade Board on the holding of conventions, most of the District Conventions which had been scheduled by the Women's Institutes of Ontario have been cancelled. Notice to this effect has been sent out from the office of Miss Anna P. Lewis, Superintendent of the Women's Institute Branch of the Ontario Department of Agriculture.

These restrictions prohibit the holding of conventions if fifty or more persons attending them use railway, bus or air transportation, and limit the hotel accommodation available for delegates.

Home On Leave

P.O. JACK CHIVERS, Royal Canadian Navy, and his bride, who arrived in town on Sunday to spend Petty Officer Chivers' leave with his parents, Councillor Archie and Mrs. Chivers, Paton street.

Chivers is a Bermuda girl that Jack wooed while on duty in the Atlantic naval base. Jack has six years' service in the navy and when he returns to duty, Mrs. Chivers will remain in Grimsby with his parents.

Beaver Club

The Beaver Club of St. John's Presbyterian Church meet on Monday afternoon in the Church rooms as usual, with a good attendance. Much business was discussed, and the one matter which was completed is that we will hold our meetings on Monday evenings at 8 o'clock in the Church rooms from now on, instead of Monday afternoons as has been done in the past. Members will please notice the change in time.

We are also having a rummage sale on Saturday, September 22nd, in the Church basement. Members and friends will please bring their donations Friday evening.

The hostesses for the day were Mrs. D. E. Anderson and Mrs. Frank Anderson.

Vinemount News

The Vinemount Women's Institute has redecorated their hall and are holding an opening concert and Dance Thursday night, Sept. 20th.

Reeve Wm. Milmine, chairman. Good program, music for dancing supplied by Lee Post, Hamilton. Admission 35c. Everybody Welcome. We are looking for a good time. Come up and bring your friends.

Mr. and Mrs. John Bowlsbaugh have returned from their honeymoon and many friends and neighbors called at their home on the Ridge Road and treated them to an old fashioned charivari.

Anniversary services were held in Tweedside Church, Sunday morning and evening and well attended. Rev. Fred Manning Grimsby, guest speaker in the morning with music supplied by Tapleytown church choir. Evening service Rev. John Sutherland with the Baillie family, Hamilton, supplying the music as follows—vocal, duets, solos, and trios, also Banjo and Trumpet duets.

Mr. and Mrs. Enos effrey, Mr. and Mrs. John Larman and Mrs. Larmon, Sr. spent a week at Wasaga Beach and Crisburgh, Ont., where Mr. and Mrs. Larmon and Mrs. Larmon Sr. attended the wedding of their niece and cousin Mary Chrysler.

Mr. and Mrs. C. Bradshaw Wilona, entertained the choir. Rector and Wardens on Friday evening, when a presentation of a Beautiful Silver Tray by Arch Deacon Scovell on behalf of choir to Miss Wilma Peel who is being married in St. John's Church, Winona, Saturday, Sept. 29th.

Coming Events

Notices under this heading will be charged at the rate of 35 cents for 30 words, or less. Over 30 words 1 cent per word.

The Beaver Club of St. John's Presbyterian church will hold a rummage sale, all day on Saturday, September 22nd, in the church basement, Mountain street.

Grimsby Red Cross

RED CROSS JAM FOR BRITAIN

There has been considerable misunderstanding about the shipping of Canadian Red Cross jam to Britain this year. Because of the severe sugar shortage, the War-time Prices and Trade Board has been unable to permit Canadian Red Cross to ship any commercially-made jam to Britain. The government does, however, allow the Red Cross to issue sugar permits for home-made jam, honey requisitions. Many branches of Red Cross, in co-operation with Women's Institutes are making jam for overseas; but the fruit and honey crop has been extremely short this season and shipments will be greatly reduced in comparison with last year when 287,000 pounds of these items were shipped to Britain. Numerous letters on file at Ontario Division Red Cross headquarters express the appreciation of children in nurseries and servicemen in hospitals for these foods in a land of severely rationed diets.

RED CROSS CABLE SERVICE

TO FAR EAST

Next of kin of Canadian civilian internees in the Far East are requested to get in touch at once with their nearest Red Cross Branch as arrangements have been made whereby they may receive from and send one free cable to their relatives who are interned. This is a service which has been arranged by Canadian Red Cross in co-operation with the Canadian Government. Red Cross branches are in possession of the personal cable forms on which these messages can be written. Messages may contain ten words, exclusive of the address and name of the sender, and must be submitted in duplicate. Branches will forward via air mail to the Red Cross Enquiry Bureau in Ottawa whence they will be transmitted to Manila. No Branch certificate or verification is necessary so far as these particular messages are concerned. British next of kin who have relatives interned in the Far East are included in this free cable arrangement.

Hospitals, dispensaries, industrial schools, high schools, colleges, and day schools are carried on in addition to the regular churches and evangelistic efforts. There are now over four thousand Baptist churches in these areas with over 1200 ordained pastors directing the work. In addition thousands of Bible women, nurses and teachers carry on the work of the mission.

35th Wedding Anniversary

A very pleasant surprise party was held at the home of Mr. and Mrs. Walter Wilcox, Grimsby mountain, on Wednesday evening last, September 12th, it being the occasion of their 35th wedding anniversary.

About forty-five guests were present from Grimsby, Lowbanks, Calstar and Smithville. The evening was spent in music, dancing and singing, the music being supplied by Ralph and Clifford Atkinson of Calstar.

Many lovely and useful gifts were presented to Mr. and Mrs. Wilcox.

Delicious refreshments were served, and everyone agreed the party was a grand success.

An old-timer is the one who can recall when a bee-sting was treated by placing a wad of chewing tobacco over the place.

LIEUT. KAE HARVEY, daughter of Mr. and Mrs. Henry Harvey, Main street east, who received her promotion to Lieutenant of the C.W.A.C. at Kitchener last week. Lieut. Harvey enlisted in Toronto in June of 1942. Previous to her enlistment she was Captain of the Girl Guides of Beamsville. Lieut. Harvey has now been posted to Fredericton, N.B.

MISSIONARY FROM INDIA TO SPEAK AT BAPTIST CHURCH

A missionary from India, Miss Clara Johnston, B.A., will speak at the morning service at Grimsby Baptist Church. Since 1936 Miss Johnston has been stationed on the Bimlipatna field of the Canadian Baptist Mission in India.

Baptist Mission work in India began in 1792 under the direction of the famed William Carey who began what is known as the Modern Missionary Crusade. At first the work was carried on exclusively by the English Baptists, but as the work progressed and churches in America flourished, these churches of the New World entered into the program of foreign missions. Canadian Baptists at first worked in conjunction with the American churches but they in turn soon assumed a portion of the fields as their own particular responsibility. By arrangement with the other churches of the Protestant communions, Baptist churches are responsible for a large area along the Eastern Coast of India. There and in Burma and Assam, missions under English American and Canadian leadership today work.

Hospitals, dispensaries, industrial schools, high schools, colleges, and day schools are carried on in addition to the regular churches and evangelistic efforts. There are now over four thousand Baptist churches in these areas with over 1200 ordained pastors directing the work. In addition thousands of Bible women, nurses and teachers carry on the work of the mission.

Miss Johnston has been on furlough for the past year and will soon be returning to India for a further term of service. She will speak of the work in which she has had a part, a message which will be of interest to many.

Miss Marguerite Hodd of Hamilton will be guest soloist for the day. At the evening service she will sing several gospel solos as part of a musical-sermon service, "An Evening with the Gospel Hymns". Congregational singing of gospel hymns will be from the screen.

W.C.T.U.

The 68th annual convention of the Ontario Women's Temperance Union will be held Tuesday, Wednesday and Thursday, Sept. 25, 26 and 27, at Queen Street Baptist Church, St. Catharines. The program, to which everybody will be welcomed, will commence Tuesday afternoon and will continue sessions until Thursday afternoon.

In the first open session of the union, Tuesday afternoon, following a devotional period, various departments of the union will be reviewed, including evangelistic groups and educational groups. The evening session will be in the form of a banquet and welcome, and a young peoples session. Wednesday's program consists of a discussion of extension work and reports of the field secretary, Miss C. Rosamond Duff; conferences of county presidents and provincial superintendents. In the evening a public speaking contest will be held in which one minute will be allowed each county president. Rev. John A. Redmond, Niagara Falls, N.Y., will address the gathering as well. In the final sessions on Thursday reports will be heard from various sections of the organization, as well as an outline of future work of the union.

Raised \$81.77

The Tag Day of the Children's Aid Society of St. Catharines and Lincoln County was held on Saturday, September 15th, and was very successful. The amount collected in Grimsby and Grimsby Beach was \$81.77.

The Society would like to thank all those who helped make this Tag Day a success, and especially Mrs. George Warner, the convener, and Mrs. Alex McKenzie, assistant convener, and the following "taggers": Shirley Croft, Doris Culp, Doris Marshall, Barbara House, M. Ross, J. Terryberry, T. Buchenham, R. Moore, G. Moore, Ted Robertson, Don Fisher, Bobbie Jones, and I. James.

Time Table For Ration Coupons

Butter—coupon 122 valid Sept. 20

Routs Wolf With Kitchen Broom

Niagara Falls District Report Large Number Of Marauders — Big Wolf Hunt Will Be Held.

Niagara Falls, Sept. 14—Armed with a worn-out kitchen broom that was used to scare chickens off of her back porch, 24-year-old Mrs. A. Grimmel, wife of a fruit grower in nearby Stamford township, attacked a wolf as it was in the act of carrying off one of her chickens. Already the Grimmel flock has been reduced by 67 as a result of the wolves roaming the district and the Grimmels are No. 1 volunteers for the wolf hunt that will get underway in the township soon.

"Afraid of wolves?" Mrs. Grimmel asked. "I am not afraid of anything. I'd hit a lion with a broom if it had one of my chickens in its mouth."

Mrs. Grimmel, who would have to hold rocks in each hand to tip the scales at 100 pounds, said she hit the wolf twice—once over the head and once over the back. The wolf dropped the chicken on the first blow; but failed to get away before the second blow landed.

"I didn't hear any noise," Mrs. Grimmel said. "I just looked out the window and saw the wolf in the back yard. When I opened the door I grabbed the broom and went after the wolf. I guess I moved pretty fast—and so did the wolf after I hit it. The wolf killed the chicken and we had to bury it. Anyway, I'd rather bury a chicken than feed it to a wolf."

Besides the Grimmel chicken flock, the wolves of Stamford township are biting deep into the district's pheasant population. So many pheasants have been destroyed that Game Warden Roy Muma predicts that hunters will have difficulty obtaining half their limit when the season opens this fall.

"There is not a groundhog left in the township now," the game warden said. "The wolves have eaten them all. If we do not get the wolves soon, the pheasants will be gone, too."

To rid the area of wolves, a hunt is being organized for some day soon.

The germ that can exist on a dollar bill nowadays will certainly have to watch its diet.

Wins Right To Have Case Tried

The Ontario Court of Appeal last week granted an appeal by Laurence C. Servos against a judgment of Judge Harold Fuller, St. Catharines, who had dismissed an action brought by Servos against parties for purported wrongful seizure of two properties belonging to him and a subsequent tax sale.

Servos, professional author and golfer, pleaded his own case, saying he had a right to have his action tried and that the judge had no jurisdiction to dismiss it on the grounds it was "frivolous and vexatious."

He said that on the property stood "Dr. Lundy's schoolhouse," an historic relic of the Niagara Peninsula and one of the first school houses in Upper Canada. It was pulled down and valuable antique furniture removed. He said the purchasers at the tax sale, O. J. Derbyshire and Charles Lacey, had committed these acts of destruction and joined them with the town as defendants. He argued that all his tax payments were not credited.

"This court unanimously takes the view that the judge had no right to dismiss the action," said Mr. Justice W. T. Henderson, presiding.

Women's Institute

The September meeting of the Women's Institute was held at the home of Mrs. Roy St. John Tuesday evening, September 18th. The Roll Call being "Your Early School Recollections."

Mrs. G. Warner, district director, reported on the executive meeting held in St. Catharines, September 10th. That Dr. Currey spoke on the Health County unit to be formed in this district. This will include one doctor and two nurses for each unit and eight members from the Women's Institute, two of these members working at each clinic.

The members of the Women's Institute have been asked to carry on this work as they are a large organization and work also in rural districts throughout the province.

It was decided at this meeting to carry on this work. Dr. Currey of St. Catharines will be invited to the next meeting here, which will be the health meeting in October, to give an address and outline the working plans of the Health County Unit. Members of all organizations of the town will be invited to attend. Date, time, and place will be announced later.

This Health Unit plan to immunize babies and children of pre school age, also school children. It will help combat all diseases.

Mrs. Warner reported that no area convention will be held this year on account of returning service personnel and the travelling difficulties.

Mrs. F. D. Aiken gave an address on "Youth Education," stressing the training on the home front and value of good parents, as much as education in the school. That the Bible should be taught in schools. Also an article on Sex Education, Rationing, and Foods.

The treasurer, Mrs. J. Graham's report acknowledged the cheque sent to Mrs. Longley, St. Catharines, for Jam Fund and receipt for same.

No information has been received by the Women's Institute here of the W.P.T.B.'s action of halting the Jam Fund this year. That less is being sent this year than last, is all that can be ascertained in the matter.

The business part of the October meeting will be held at the home of Mrs. L. Larsen, Tuesday, October 9th, in the evening.

The Health Meeting will be held the following Tuesday evening with Dr. Currey as special speaker.

The meeting closed with the National Anthem.

The social committee, Mrs. Larsen, Mrs. Sutherland, and Mrs. A. Farewell, served a dainty lunch.

Humane Society Tag Day Saturday

The Lincoln County Humane Society, whose grey and blue ambulance is a familiar sight in Grimsby and the Western part of the county each Thursday, is holding its annual tag day on Saturday, September 22nd, and in Grimsby the committee in charge comprises Mrs. Robert Glaesner, Mrs. Hamilton Fleming, Mrs. R. N. Wolfenden and Miss Florence A. Brown. "The war is won and over" said the President of the Ontario S.P.C.A. at its convention last week, "Let us direct our minds and energies to our aims and objectives. The winning of the war against cruelty."

Donations to one of the fifteen taggers who will be on the Grimsby streets on Saturday, will be used toward this end.

This will also be recalled as an era when a man had enough money to pay the doctor but he couldn't find the doctor.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Good-bye Daylight Saving on Sept. 30th.

A Juvenile Court has been established in Welland County.

With the population of Niagara Falls now reaching 50,530, assessment commissioner Major J. V. Harriman reveals that this is an increase of 296 over last year. The assessment roll in the Power City has also increased, to the tune of \$250,000.

Harry Sturch of Vinemount has added another crack race horse to his stable. He has purchased the fast three-year-old trotting mare Miss Van from Harry Biggar of Fruitland and turned her over to Sam Hill, the Beamsville trainer, for conditioning.

All was not peaceful and quiet in the Independent office for three hours on Tuesday afternoon. Being a rainy day Harvey Walker, Winona's one-man publicity bureau came to town and after getting his semi-annual hair cut he invaded this office. You can guess the rest.

The prize lists for the 88th Annual Fall Fair of the Clinton and South Agricultural Society are out and the members have received theirs. Anyone wishing to make entries at the fair will be sent a prize list if they will notify the Secretary, F. Barracough, Beamsville, Ontario.

During August there was a decrease in marriages and births, the vital statistics branch of the St. Catharines city clerk's department reports. Births totalled 82, 51 of which were resident births, and there were 32 marriages. Deaths during the month numbered 27, 14 of which were resident.

St. Catharines' Own 10th Battery, R.C.A. which went overseas in December 1939, is expected to land at Quebec on Friday and arrive in the County Town on Saturday afternoon or Sunday. "Flip" Mochenski, well known Grimsby Beach hockey and softball player is a member of this unit. A big civic welcome will be extended to the men.

Wong Lee, Halifax Chinese, formerly of Grimsby, was attended by Dr. J. H. MacMillan late Thursday night for scalp laceration and leg injury, sustained, according to police, when a suitcase which he was carrying came in contact with the left front fender of a motor car in charge of Robert Coward, Grimsby Beach, as he ran across the road in the car's path. Mr. Coward ditched his car in an effort to avoid the man. Provincial Constable E. L. Priest investigated.

Adam McGregor, Adelaide street believes that some time in the future he will propagate a new breed of potato. This year he had only 12 hills of potatoes in his little garden. On the stalks of five hills he has discovered "potato apples" hanging in clusters. These "apples" are supposed to be potato seeds. "Pudge" has shown the sacks of seeds to a lot of experienced gardeners and they all state that this is the first time they have ever seen anything of this nature. Maybe he will get a new specie of potato that will make him a fortune.

Merriton Town council when drafting their budget for 1945, put aside \$7,500 for the purpose of paving one street. At council meeting on Monday night they decided to use that money for other road purposes as the lowest tender they had received for paving job was in excess of \$14,000. Accord-

ing to that Chairman of Board of Works Councillor Ingelhart was very wise in recommending to Grimsby council in July not to try and attempt to pave Robinson street south, as the amount of money provided in the 1945 budget would not cover half the cost of doing the job, from the information that he was able to glean from contractors.

Children's Aid Has Difficulties

The first meeting of the Fall was held by the Board of Directors of the Children's Aid Society of the City of St. Catharines and County of Lincoln. The president, Romaine Ross presided. The superintendent's report for the summer showed an increase in the number of complaints received about excessive drinking on the part of mothers, some of whom stay in the local beverage rooms as long as they are open. This factor, is contributing to the break-up of many families. There has also been an increasing tendency on the part of parents to shirk their responsibilities in respect to the care and training of their children and indifference as to what becomes of them. The attitude seems to be that it is up to the state to take care of their children.

The staff of the Society is receiving many "afterhours" calls about very young children being left alone while both parents are out enjoying themselves.

There are now 238 children in care, with 29 admissions during the summer months. In addition 93 families are being supervised and 53 unmarried parent cases remaining open.

The Quarterly Meeting will be held on October 16th with the public invited. This will take the form of a business meeting with important discussion on the topic of Family Allowances, and the question of government contributions to the cost of operating a Children's Aid Society.

SPORTOLOGY

(By Bones Livingston, Sportologist)

YOURS FOR THE ASKING . . . Looks like things are going to hum in the bowling leagues this fall and winter. Both leagues held meetings this week. From now on THE INDEPENDENT is going to charge rental fees. At time of writing I cannot say whether BIG RUSHTON will have a hockey team or not, in fact will there be any ice to play hockey on. That all depends upon conditions. It's all right and cheerio to jump down my gullet with the argument "why don't the Arena open?", but that costs money and where is the money coming from. Nine-tenths of the people who have jumped me and razzed the owners of the Arena in the past three years, were just the kind of people that you couldn't drag into the Arena or a baseball field to see the MOON UNDRESS, if it cost more than 15 cents. Still they expect to see high class hockey, high grade ball games, superior everything else, just so long as somebody else pays for it. If the Arena does open, it will cost the Niagara Packers a lot of Jack, because there are plenty of miles of pipe and header valves that must be renewed, and that costs frogskins. Therefore if it does open, you 15 cent guineas just better lay in the winter supply of fuel and stay home.

RAMBLINGS . . . Looks like a great winter for the bowling bonos. After three years, I haven't yet figured out how a man goes loco over that game, not to say anything about the beautiful femmes, in fact I think they are all nuts . . . OLIVIA DeHAVILAND SHAW surfaces from the coupon-token sea of meat distress, to announce that the Black Cats will win the championship in the MEN'S BOWLING league, meow . . . MERT. ZIMMERMAN may be the most successful manipulator of a MISSOURI MERCHAUM in this county, but by the time next April rolls around he will have learned a lot about manipulating 140 keggers, who each and every one in their own estimation, is the greatest pin toppler that ever threw a ball in the gutter . . . JIM SHACKLETON, secretary of the men's league still hasn't called at THE INDEPENDENT office for that envelope containing a bunch of War Saving Stamps worth a toadskin . . . The MEN'S BOWLING league this year will be composed of 24 teams. The fall and winter schedule opens next week. The league will have three full nights each week at THE BOWLAWAY, playing on Mondays, Tuesdays and Wednesdays. See schedule of first games elsewhere on this page . . . WEST, THE BARBER has the race horse fever bad. He is dickering for a fast one in two or three different spots . . . PEACH QUEEN'S league will swing into action the last half of next week with 16 teams instead of the usual 12. As ST. JOHN and SHAW have sold their meat market they will not be trophy donors this year. Instead RUSHTON'S RESTAURANT will donate one trophy to the girls and SAMMY LEVINE of THE WHITE STORE will donate the second one. The league also has a trophy from THE INDEPENDENT and then there is the MILLYARD trophy for the open high bowling score for the ladies . . . JOYCE SHELTON is president of the PEACH QUEEN'S outfit this season and BERTHA HUMMEL is the secretary.

Linoleum Popular With Buyers

Two out of three Canadian families want to buy new floor coverings when supplies are more readily available, according to a recent survey. The majority of them intend getting linoleum.

Are they going to buy the prettiest pattern to be had, lay it with enthusiasm, tack it down firmly all around, only to find it cracking as it later expands? Will the gay pattern wear down to a monotone base within a few months making that hallway look shabby as before.

Consumer experts say that all linoleum must be properly seasoned. Poorly seasoned linoleum can be detected for it can be flaked with a fingernail. The surface should be perfectly smooth. Even the best linoleum should have special care if bought in cold weather or it will crack in handling. It should be left at room temperature, about 70 degrees, for 48 hours before it is unrolled.

Cost depends on two factors, thickness and whether the pattern is printed or inlaid. The higher initial cost of inlaid linoleum is worth while if it is to get heavy use, for a printed pattern will wear off but the pattern goes right through to the burlap back of the inlaid type.

YOU OUGHT TO KNOW..

North America's tallest bird is the sandhill crane. When standing erect the male is as tall as the average man.

Strict observation of all conservation laws is necessary if we are to protect Canada's many beautiful forms of wild life.

Nature Unspoiled

YOURS TO ENJOY • YOURS TO PROTECT

CARLING'S
THE CARLING BREWERY LIMITED

Faith will move mountains, provided you have a bulldozer to assist in moving the dirt.

It's about as hard to write a bread and butter note as it is to secure a pound of butter.

Gravity is another thing that makes it easier to slide down the ladder of success than to climb it.

When it's your money to be spent, darn few men seem to lack confidence.

A bee is able to sting only once.

says a naturalist. That's one time too many.

In the mad scramble for things no wonder a person gets hard-boiled.

Long before there was ever a numbers game, man had a way of looking out for No. 1.

It begins to appear that winning the peace is going to take as long a time as the winning of the war.

The fact that few people under-

stand foreign affairs doesn't keep them from talking about them.

No wonder barefoot natives are happy. They are not bothered with "athlete's foot."

Motor fuel can now be made from corncobs. The gas will be welcomed even if a little corny.

Ho, hum. Many a man would be a good egg if he wasn't a little spoiled.

The best plank in any platform is to be above board.

Canadians are lucky. So far we've prevented inflation and avoided deflation.

It's not been just good luck.

Your support—everybody's support—of price ceilings, rationing and other controls alone has made it possible.

BUT NOW COMES THE REAL TESTING TIME.

The danger of inflation and its black shadow, deflation, will last as long as goods are scarce and insufficient to meet demands.

With the war over and plenty of money in our pockets it's easy to overlook the danger.

It's easy to think that paying just a little more to get something we want is unimportant now.

It's easy to think that what you do can't hurt—and to forget that careless, extravagant buying is a sure way to help a general rise in prices.

That's how inflation gets going.

BUT INFLATION IS ALWAYS FOLLOWED BY DEFLATION.

And deflation brings cancelled orders, bankrupt businesses, mortgage foreclosures, unemployment and distress—distress you can't avoid.

Until industry gets back to normal, price ceilings, rationing and other controls are our safeguard.

SO— Keep on watching your buying. Don't rush to buy scarce goods. Keep on saving your money. Put it into Victory bonds and War Savings certificates. Keep on supporting wage and price controls, and rationing. Keep on fighting inflation and its black shadow...deflation.

This advertisement is one of a series being issued by the Government of Canada to emphasize the importance of preventing a further increase in the cost of living now and deflation and unemployment later.

RESULTS ACCRUING

Congdon regarding property in this district. Last week he closed a deal whereby he purchased a five acre plot in the Mountain View survey at the Lower Thirty. He will build a new summer home on the property and upon his retirement will convert it into a year-round home.

That broadcast brought Grimsby and district a lot of good advertising.

HOPES TO BE BACK

becoming more plentiful and the displaced persons are being returned to their former areas. The last four days have been spent in pagentry and thanksgiving by the Dutch nation to celebrate the regaining of their freedom and to honour those who lost their lives.

Our Grimsby men have been well taken care of by the generous forwarding of cigarettes by the Chamber of Commerce. Their efforts have been greatly appreciated by us all.

Many thanks again for keeping me up to date on the community news. I hope to be back with you before too long. Kindest regards.

Sincerely,

Gordon A. Sinclair.

PEACH DISPLAY

of peaches from under his desk and, with the motions of a conjurer lifting a grizzly bear from a hat—they don't use rabbits in British Columbia — ripped the gauze aside and pulled out a peach that could be mistaken for an overgrown green plum at 20 paces.

"Here they are," said Mr. Cruickshank, covered with beautiful pink gauze. "They look lovely; they look ripe and fresh. But let me take off the pink gauze and show the members from Ontario what you are selling as No. 1 peaches. These are not from the bottom of basket."

He paused. An expectant House fastened on his words. Fortunately, he said, a friend sent today a crate of peaches from British Columbia. "There," he said, "we do not sell them covered with pink camouflage, in a most fraudulent manner; we sell them by the crate. I want you to look at them."

Mr. Cruickshank whipped out a round object, yellow and pink and red in color and about the size of a small melon.

"This," said the man from Fraser Valley, "was the smallest one in the box."

Members crowded around his desk and he offered them Ontario peaches, which they declined. In a few minutes all his British Columbia peaches were gone. He lobbed one over the heads of members to Revenue Minister McCann, who made a good catch.

MAKING SURVEY

in locating and helping those less fortunate children among our young population.

Letters have been written to ministers, teachers and others, and your sympathetic co-operation would be greatly appreciated.

No publicity, harmful or embarrassing to the children or family is given, and once determined, all cases are privately investigated by a member of the Rotary Club with the approval of the family physician.

If you know of any handicapped child under sixteen years of age in your immediate neighborhood, or in your charge, would you be good enough to list the names of such children on the back of this form, with the information requested, as far as available, and return the form duly signed in the enclosed envelope.

Yours Sincerely,

E. H. Lancaster,
Chairman of Committee,
Rotary Club of St. Catharines.

BREAKWATER COSTS

of Premier Drew to see if anything can be done.

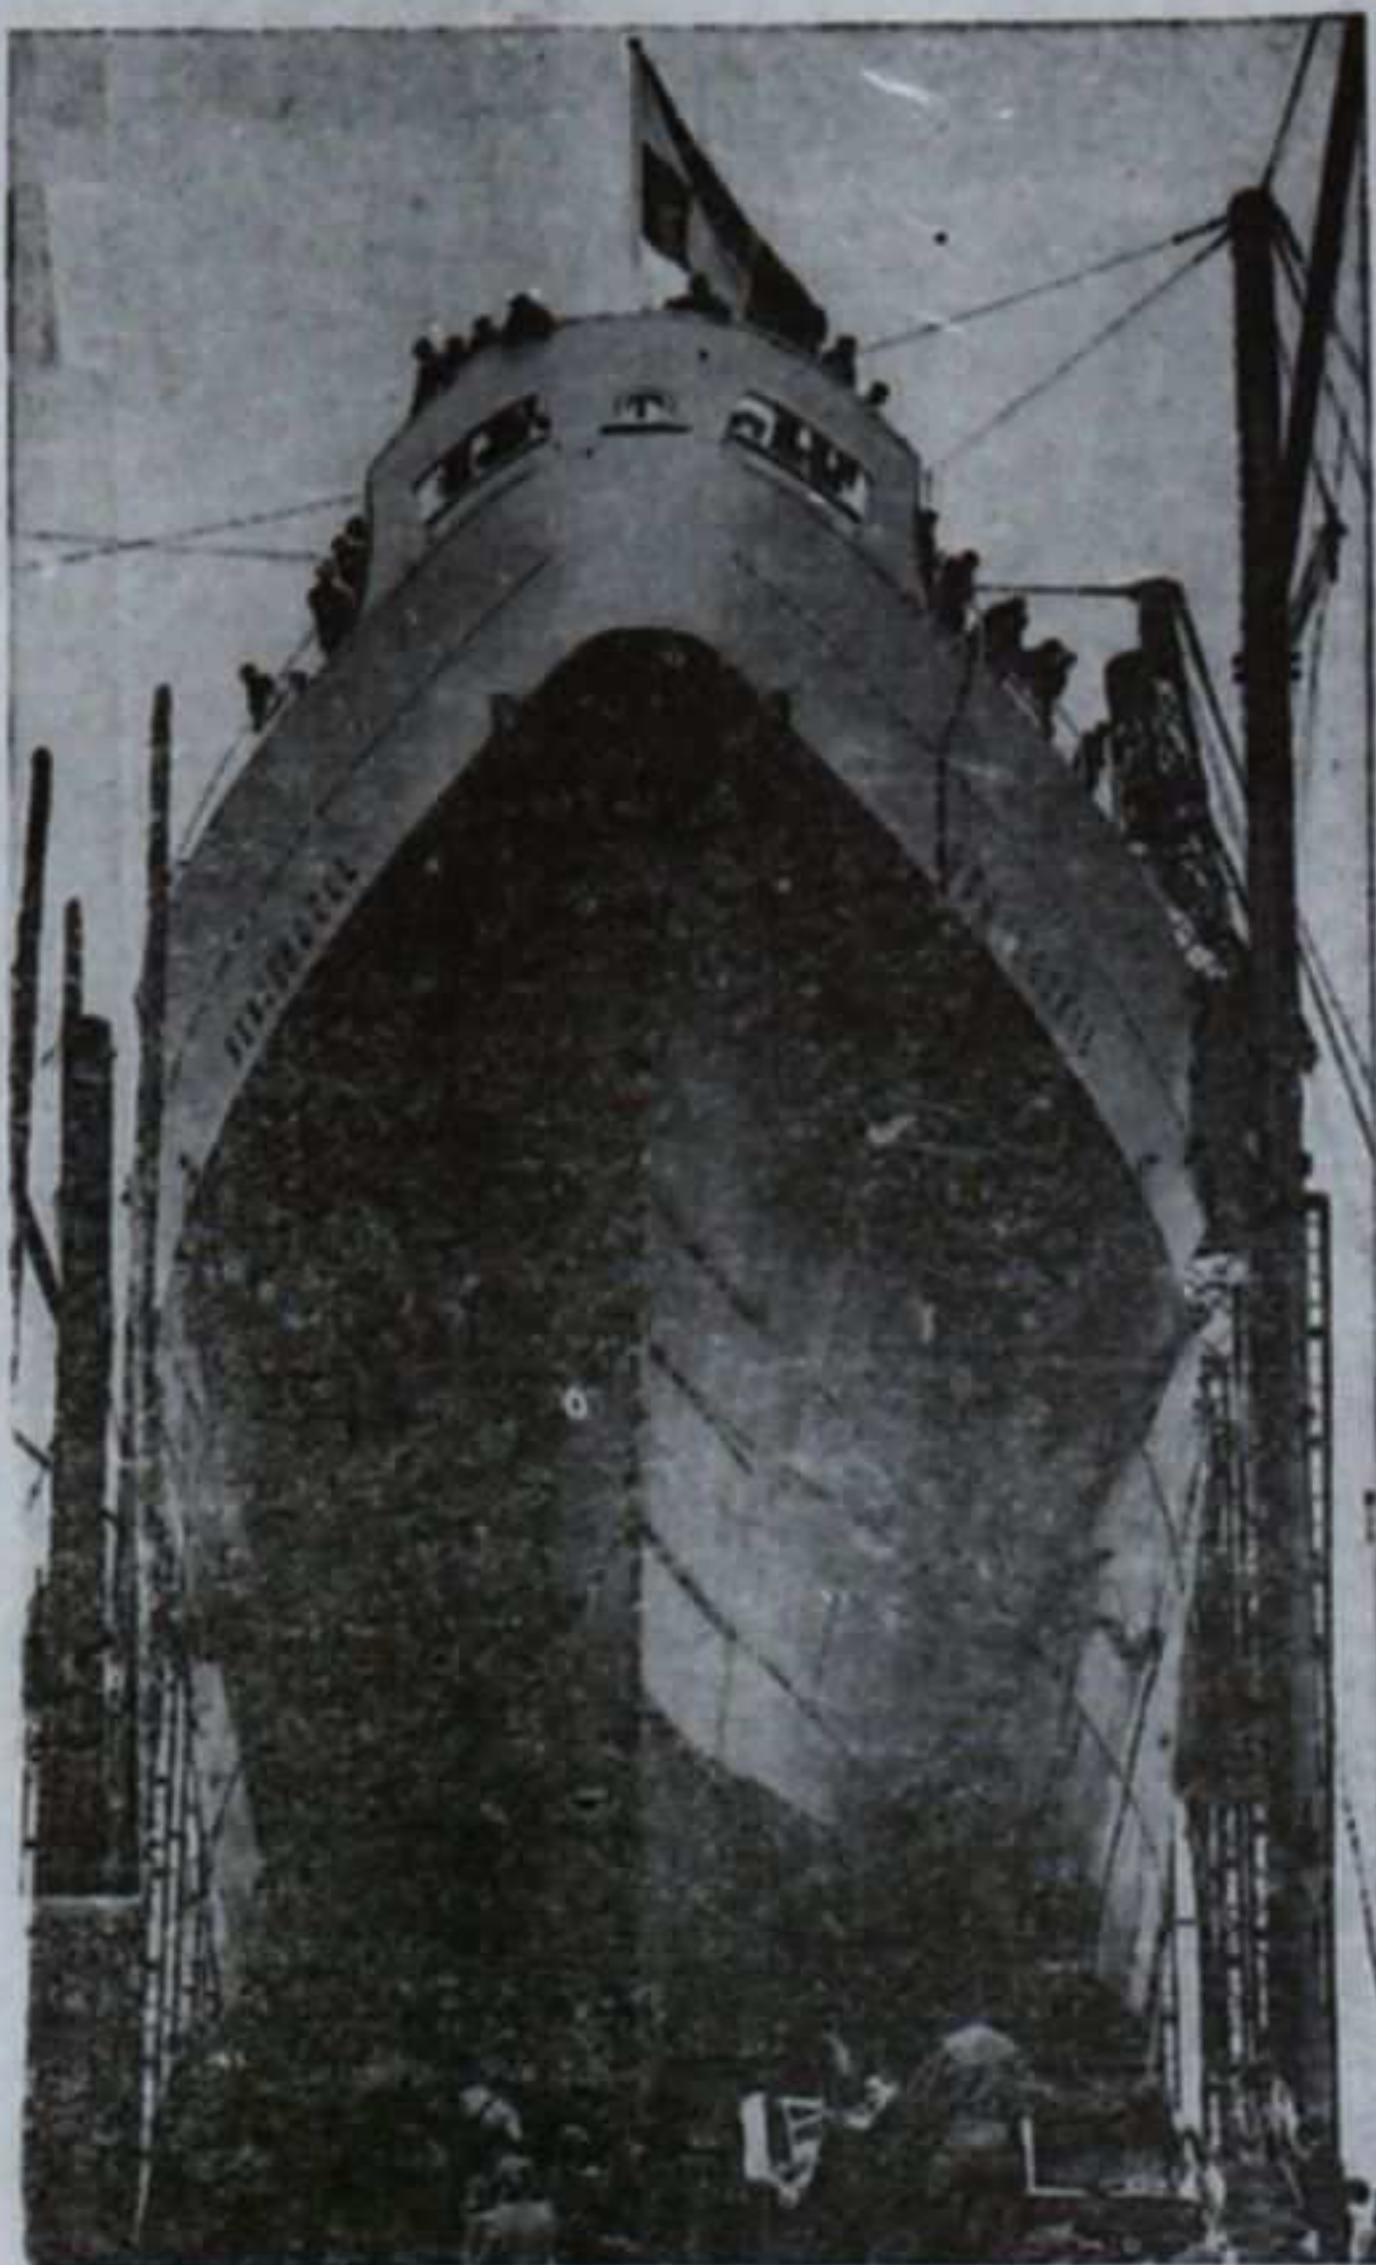

A letter was also read on the same subject from N. J. M. Lockhart, M.P., who expressed the view that this was a provincial matter and should be dealt with by the Ontario government.

A letter was also read from the Corbett Park Ratepayers' Association at Port Dalhousie, expressing thanks that Lincoln Council had taken action in the serious erosion matter.

The council received a letter from the secretary of Stamford High School, suggesting that Lincoln council pay at least part of the cost of Lincoln pupils attending Stamford school as money is badly needed by the board.

A resolution passed by Norfolk County council putting itself on record as being opposed to meat rationing and the present system of marketing livestock, will be discussed by Lincoln council.

The subject of providing a proper place for the detention of delinquent children, came up in letters received from Lloyd Richardson, superintendent of the Children's Aid Society. The desir-

NEW BEAVER LAUNCHED: First of four fast-freight liners being built for the Canadian Pacific Railway to replace the five Beaver boats lost during World War II the Beaver is shown here during her launching on the Clyde at Port Glasgow, Scotland, late in August. The 10,000-tonner, which took to the water before a distinguished gathering headed by D. C. Coleman, chairman and president of the C.P.R. and chairman of Canadian Pacific Steamships, is expected to be in service early next year and will resume the London-to-Canada run as soon as possible.

ability of making such provision, was stressed. Some counties have adopted the plan of putting the children in some selected home, in charge of satisfactory people. He added that the present detention place at Fonthill which was being used, was satisfactory neither to Lincoln or Welland counties.

Suntan is something that a farmer can acquire without cultivating it.

Things usually work out nicely for the man who isn't afraid to work.

When a group gets in the saddle they should use horse sense.

The Picture Of Dorian Grey

A story of a man who wanted to stay young while his picture grows old. A daring story based on Oscar Wilde's sensational novel. A Metro Hit.

OBITUARIES

ILA ALVIN FURRY

The death occurred at his home 112 Grant Ave., Hamilton, on Sunday, of Ila Alvin Furry, a former resident of Grimsby and district for many years, but for the past 25 years a resident of Hamilton.

He is survived by his widow Mary E. Furry; three brothers, Grant and Turena of Hamilton, and Isaac of Los Angeles, Cal.; a sister Mrs. Aletha Heron, Dunnville.

Interment took place on Wednesday afternoon in the Merritt Settlement cemetery.

MRS. HAROLD C. JEFFRIES

In failing health for some months, the death occurred on Tuesday afternoon of Gladys Irene White, beloved wife of Harold C. Jeffries at her home on No. 8 Highway west, North Grimsby.

Deceased lady was a daughter of the late Charles and Susan White, of Tweed and came to Grimsby about four years ago with her husband and family, having previously resided for many years at Baby Point Crescent, Toronto.

She was a member of Trinity United church and of the Grimsby branch of the Red Cross.

Left to mourn her loss are her husband, one son and three daughters: Terrence David, Kathryn Mary, Ruth Alison and Mrs. Eileen Constance Liddle; four sisters, Mrs. Elsie Calder, Calgary, Alta., Miss Alice White, Buffalo, Mrs. Edna L. Dyer, Toronto, and Mrs. Harry Shantz, Toronto.

Funeral will be held from her late home on Friday afternoon at three o'clock, with interment in Queen's Lawn cemetery.

EARLE M. PETTIT

(Niagara Falls, N.Y., Gazette) A promising career in the newspaper field was cut short late Saturday when Earle M. Pettit Jr., 24 years old died in Memorial hospital here after a brief illness.

A native of Niagara Falls and graduate of the LaSalle high school, Mr. Pettit was widely known, especially throughout the LaSalle section of the city, because of his associations with the Clarion, a neighborhood newspaper formerly published by him and his brothers, David and Richard Pettit. The little paper was begun as a single mimeographed sheet in 1935, when he was 14 years old. It gained wide circulation and popularity and became a weekly, printed on modern presses. War conditions forced its suspension and its publisher entered the employ of the Evening News in Tonawanda.

Deceased was a nephew of Adam McGregor, Adelaide street Grimsby, his mother being the former Maggie McGregor, of Grimsby. Mr. McGregor and Donald and Mrs. McGregor, were in Niagara Falls, N.Y., on Tuesday attending the funeral.

HARVEY ALFRED HURST

Passing peacefully away in his sleep, the death occurred on Tuesday morning of Harvey Alfred Hurst, a life-long resident of this district, at the home of his daughter Mrs. Wm. McIntyre, John St.

Deceased had not been in the best of health for some years but his passing came as a great shock to his many friends and acquaintances as he had been around town as usual on Monday.

He was born on top of the Thirty Mountain on September 1st, 1877, son of Richard and Elizabeth Hurst and had resided in the Township and town all his life. His wife predeceased him in 1938. One son, Corp. Carman Hurst, R.C.A.F., was killed in action overseas two years ago.

He was an adherent of St. John's Presbyterian church and a staunch Conservative in politics.

He is survived by a son F.O. Roy Hurst, D.F.C., Vancouver, B.C., one daughter, Mrs. Wm. McIntyre, Grimsby, and three grandchildren.

Funeral services will be held this afternoon, Thursday, from the Stonehouse Funeral Home, Rev. Francis McEvoy officiating. Interment will be in Queen's Lawn cemetery.

ALEXANDER R. YORK

A resident of the Grimsby district for 35 years the death occurred in Hamilton hospital on Tuesday afternoon of Alexander Russell York, of Grassies, after an illness extending over a lengthy period of time.

Deceased was a son of Mrs. Ellen and the late Christopher York and was born in the Town of Russell, in the Ottawa Valley. In 1901 he married Sarah Jennie Fader, and in 1910 moved to Grimsby, later moving to Grassies where he has farmed for some years.

Surviving are his mother Mrs. Ellen York, Hamilton, five sons, Russell, Frank and Archie of Grimsby; William and Glen of Grassies; six daughters, Mrs. James Konkle (Katie) of Grimsby; Mrs. Oliver Cooper, (May) of Toronto; Mrs. Wm. Groff, (Eva) and Mrs. Alex Burns (Elsie) of Beams-

ville; Mrs. Arthur Hyser (Alberta) and Mrs. Arthur Brunton, (Edith) of Grassies. Two brothers, Robert of Hamilton and George of Grimsby; one sister, Mrs. Nellie Annable, of London.

Funeral services are being held this Thursday afternoon from his late home at Grassies, at three o'clock. Interment in Queen's Lawn cemetery.

Boy Scouts

Monday night 19 boys met at the local high school for the first meeting of the fall and winter season of the Grimsby Boy Scouts. Troop Leader Leon Betzner informed the boys of all the new rules and changes in scouting which

take effect this September. Headquarters have changed the rules so that public school and first formers may complete their tests before reaching the higher classes, that is, more work on tenderfoot work and less on first-class. Assistant Scoutmaster Donald Pettit will leave next week to attend college at Guelph.

In Trouble Too

(Burlington Gazette)

The hot weather of the last few days more than taxed the capacity of the local water plant, and for periods the pumpage was greater than the capacity of the filter basins. At the peak period 1,100 gallons of water were being pumped per minute, and even then the pumps could not keep up with the demands. It clearly demonstrated the need for the new reservoir now under construction, and also gave the commissioners something to think about.

SERVICEMEN ARRIVE HOME

The Independent has been unable to contact L.A.C. Herbert Clark, of the R.C.A.F., who arrived home last week. This boy is a son of the late "Tommy" Clarke and Mrs. Emma Clarke, Fairview avenue and a brother of "all those other Clarke kids". Herb has been in the Air Force for four years and while serving in Calgary took unto himself a bride. Mrs. Clarke is also in Grimsby. Sergt. Harry Clarke, with five years in the R.C.A.F., is a brother.

Sergt. E. D. Knight, son of A. F. and Mrs. Knight, Grimsby Beach, arrived home last Thursday. This boy while only 25 years of age has a record of over six years in the service. He enlisted on September 6th, 1939, with Three Co. "A" Corps of Signals, at Hamilton. He arrived in England on Christmas Day, 1940. Being exceptionally adapted to signal work, he travelled all over the British Isles. Landed in France on D-Day and wound up in Germany on V-E Day.

Gnr. H. F. Macmillan, R.C.A., for many years a resident of Grimsby, and a six year serviceman, is expected back in town within the week. Information from the Public Relations Branch, M.D. No. 2, states that he is on the steamship Pasteur.

Just Peanuts

At Tuesday's meeting of County Council, Hon. Charles Daley, in a letter to council, informed them that the construction of the Toronto Sunnyside seawall cost \$500 a foot.

If the lake shore front from Niagara river to the Burlington

piers is to be saved from lake erosion it is going to cost a whale of a lot of money at that price. Figuring the distance from the Niagara river mouth to the Burlington piers at 35 miles that is 184,800 feet. Now that amount of footage at 100 a foot comes to \$18,480,000.

Who is that to a town with a 25 mi tax rate.

Sn Saves Mother From Drowning

Falling between the planks into the lake while walking on the pier at Grimsby Beach last Thurs., Mrs. E. F. Burgess, widow of Rev. E. F. Burgess was saved from drowning by her son, Gareth Burgess, who was accompanying her on the walk. According to Chief Constable W. W. Turner and Constable Alfred LePage, of Grimsby, who responded to a call, the son held his mother up until nearby residents heard their frantic cries for help and gave assistance. Dr. J. H. MacMillan, who examined Mrs. Burgess following her narrow escape, said that he did not think she had suffered any ill effects. Police said the pier where the accident happened is in very bad condition.

Sell Debentures At High Rate

Following in Grimsby's lead, the County Town of St. Catharines, in a very fine financial condition. City council on Monday night accepted the tender of Wood Gundy Co. of Toronto, for the purchase of \$108,388, City of St. Catharines, 10 year, 2 1/2 per cent debentures.

The tender, the highest of eight received, provided for the purchase of the debentures at \$109,588, a premium of \$1,256, or payment of \$101.16 for each \$100 lot. This premium, paid because of the city's sound financial position, reduces the interest rate payable for the loan over the 10-year period to about 2 1/4%.

MEN FROM THE ARMED FORCES FOR FARMING

Any personnel in the Armed Services, wishing to be released for farm work at any period of the year, should now be advised to:-

- Apply to their Commanding Officer for release for farm work, stating past farm experience, giving reasons for request.
- Give location, type and size of farm, wherever possible.
- If possible, submit a letter from a parent or former farm employer and a letter from municipal or other official in home locality, indicating need for services.

Agricultural Labour Survey Committees have been set up by the Federal Department of Labour, to co-operate with the Armed Services in the release of men for farm work.

These Committees represent the Provincial Department of Agriculture, the Armed Services and the National Employment Service. They are prepared to advise farmers or Service personnel on any problems concerning such releases. For further information write your Agricultural Labour Survey Committee, care of Mobilization Registrar, at Charlottetown, Halifax, St. John, Quebec, Montreal, Kingston, Toronto, London, Port Arthur, Winnipeg, Regina, Edmonton, or Vancouver.

A. MacNAMARA,
Deputy Minister

"Some day we'll own a General Motors car"

THAT WILL BE THE DAY! The day when cumbersome bundle-carrying will be a thing of the past. The day when all the inconvenience and discomfort occasioned by transportation shortages will be just something to remember—and laugh about.

The day when every ounce of General Motors' energy, skill, and long experience, directed toward your peacetime well-being, will bring you the opportunity to own that General Motors car of your dreams.

Such a car it will be! Newer, smarter, more distinctive, and as always, thrifty, powerful, and dependable in the General Motors tradition... a car easy to handle, easy to drive, built for convenient, carefree living.
